About me

My name is Sina Ghadri I'm a Front End Engineer based in **Iran** 🌼. I describe myself as a passionate developer who loves **coding**, **blockchain**, and the **web platform** ❤️.

Aside from my job, I like to create and **contribute** to **open source** projects. That helps me to learn a ton of new stuff, grow as a developer and support other open source projects.

In my free time you can find me , at the mountain and nature 🏞️, at the cinema 🎬 ,playing handpan 🛸 or on tech **meetups** and **conferences** 🗺️
